## Dear Friends and Sponsors!

It is time to send you some greetings from the families of the Felix Family Village. Everything is fine, and we rejoice over the wonderful development that is happening in the Thai Families!

The children have had their summer break and families have been away to enjoy some time of relaxation. They are happy to be together and it gives them time to build a strong relationship between parents and children. Even the parents are given more time to be together. Much has happened in the parents' lives during the few years they have been working with the Felix Families. To our delight, there is no sign of regretting their decision to rescue abandoned children into their families. They are stronger in their conviction today than they ever have been. In the future, they can see themselves moving in to countries around Thailand and following the vision to build more family villages.

During Easter weekend there were some days of seminars that took place in the Felix Village. The parents were there along with other couples that have expressed interest to seek if it is in God's plan that they give their lives to become parents in one of the remaining five houses. It was a blessing to meet these young couples that have a passion to save abandoned children. We experienced blessed fellowship together with our Thai friends, and it is getting stronger every time we meet.

Charlotte and Christer Nordh have been in the village together with their two children for three months teaching English. The result of their teaching is expressed from our parents when they proudly and with much laughter introduce each other.

Fam. Nordh will return to Sweden in late May, and we would like to thank them for the time they gave in ministry. It has paid big dividends, and there is a desire for continued education. Christer has, also, been an important resource in helping in the negotiations regarding the building of the sixth house. Thank you, Christer and family, for all your work and warmth. Welcome back!

This summer was the first time for a couple of our children to be in a family. A year ago they had no family.

We have **Jonah** who is staying with Family Mana. He came to the family apathetic and depressed. His mother had left him to her mother who was dying of cancer. The father is unknown. Today Jonah is a happy little boy, and almost all the time he is near his new mother Mong whom he loves.

Jonah

**Little Elijah** is the village favorite. Everyone wants to pick her up. But when she's sad and crying, it is for Mom Nes and Dad Saksit whom she stretches out her hands. She now knows what it means to feel safe and loved.

Now we are ready to accept more children and for that we need more sponsors. We are grateful for letters or e-mails with requests to become a sponsor. Many have heard about the Felix Families through you. Thanks to those of you who inspire and engage others.

Lilla Elijah

In April, we opened an office in Renewal Christian Centre, England. In England there is a great interest in Thailand. We pray that this will be a challenge to reach individuals with information on which to build the Felix Family Village. Thank you all who met during the days and the meetings where Lisa Egerbo had the opportunity to present the ministry. We are now waiting to build a house from England! Are you ready?

It is soon time for you to celebrate summer and we wish you a wonderful summer and holiday.

God bless you

Are you going to celebrate your birthday or other occasion?

Instead of receiving money, flowers and gifts, you can change the life of a child and a family in one of the families in the Felix Village.  
***This will be your best gift!***

If you need information, you are welcome to contact us by e-mail at [info@caminulfelix.se](mailto:info@caminulfelix.se) or [lisaegerbo@aol.com](mailto:lisaegerbo@aol.com)
