## Dear sponsors and friends!

The New Year has begun and we want to wish you all a very blessed and good year.

We live in a time and world in which much happens that affects us in different ways. What is important, and means something, is that together we can make things that look negative, to become something good. To provide resources to save one child and give him or her a new future by getting a family, is important and means a lot. We know that a child who receives a chance for a new future, in turn, will influence many others in the future. That is the vision we believe in and work with in Felix Family Village. Our goal is that during the year that is ahead of us, we will bring many more children into the families. We believe, hope and pray that we will also be able to complete the construction of the four remaining family homes, and our ten families with children have moved in.

Christmas and New Year was celebrated in the Felix Family Village with great joy and happiness. Some good friends from Australia and Sweden came to visit. Together we played football, sang and just had fun. It was also time to visit different churches to worship and to remind each other about the real reason why we celebrate Christmas.

The children participated by singing and dancing. The joy was great! Thank you dear sponsors who sent Christmas cards, greetings, stickers and gifts to the children and families. They loved it!

At New Year, we had a special celebration in the Felix Family Village with the families and children. It was such a fine time that we decided to make it a tradition

in the village to have a New Year's Party like that each year. If you are in Thailand next New Year, you are welcome to take part and celebrate with us!

We can look back on a fantastic year in the Village. During some tours last year in Sweden and the United States, we were blessed with new sponsors. It became an important addition to our economy for our current expenses for children and families who are continually growing in number. We had the pleasure to welcome another family into the team last fall; they have received two new children who live with the family.

We wrote in the last newsletter about the planning of the inauguration for House Number 6 in February. It has now been moved to be the weekend of 19-20 March. If you are in Thailand during this time you are welcome to visit us! Please, contact us and we will give you more information. During February, we hope and plan to take the first step in the construction for our Multi Purpose Center. This building will include common areas, guest room, offices, medical clinic, etc. We will provide more details about it in the next newsletter.

As always, we want to conclude our letter with a few challenges to you:

Help us find more sponsors, so we can take in more children.

Build a house. Do it yourself or with your church, organization, or other ways.

Give a donation.

Make a donation instead of gifts and flowers from a holiday or another day.

Please contact us if you want a visit from us, sharing about the work.

Together with the parents from Felix Family Village, I would say thank you to all of you who are there to support the Ministry.

God bless you!

Is it your birthday or will you celebrate another occasion? Instead of receiving things, flower and gifts, you can change the lives of a child or family in Felix Family Village in Thailand.

***This will be your best gift!***
