## Dear sponsors and friends!

It is with great joy and gratitude that I once again have the privilege to write to you. Time passes quickly and since last time I wrote to you, much has happened in the Felix Family Village.

Over the weekend of 18th to 20th March, we had the pleasure of having the inauguration of our sixth-house, built by gifts from the charity shop Open Hand in Nyköping, Sweden. A group of representatives from the shop were there, along with their manager Nils-Erik Brandin, who also gave the official speech, before we cut the ribbons and the home opened.

There were also several other national and international guests who gave their greetings and blessings to the new family in the Felix Family Village. The joy was great and everyone was happy for the the family Rakkhanthon, who now moved in and a new life has begun for the family.

On Sunday morning in one of the local churches was the children's blessing for the two little twin boys, who are now staying with family Supot. It is great to see how loved these little boys are by their new parents, siblings and by all in the village. These boys would not have been alive today, if it were not by contact and that a woman knew about the Felix Family Village and its Ministry. Through this contact the boys came to us and to family Supot. During the service many greetings were shared.. Caminul Felix Chairman in Sweden, Berndt Sanfridsson was one of the guests who gave a greeting and Lars Hörnberg preached.

During this weekend, we had some special guests, Rose and Shepard Dakar, residents of the UK, but originate in Zimbabwe. They knew about the work of Felix villages in Romania and now also in Thailand Their plans are now to build a Felix Village Zimbabwe. They came to us to get more information and experience of the vision, what it means to be a Felix Family. Plans are to start to build two Felix Homes in Zimbabwe will over the summer.

We had hardly landed in Europe, when we heard about the big rain storm that hit southern Thailand very hard. The leaders that we met earlier during our visit have told us that it has not rained that much in years. We are grateful that we filled up the land in the village with 2 m of soil before we started building. Despite this, we were hit hard. For several days the families could not get through with their cars, but had to go in the small plastic boat, which they had to buy to be able to reach the main road. There is also much that needs to be repaired or buy new. Thanks to you who drew attention to the situation and sent a special gift to the cost of this situation. It's a blessing to know that you so warmly and generously are with us in situations like this.

It is with pleasure that we are receiving emails and messages from people who want to help support the Ministry in different ways. New sponsors sign up as we have been recommended by friends, others give gifts from birthdays or through other occasions. A good friend from the United States collects and sells recycled materials, and through that we have got a blessed gift that now stands as the basis for building a house from the USA.

If you want to give a special donation for the US- house, we are more than happy. If you want more information about the US-house, please send us e-mail.

We are now waiting to take in more children, it is our goal and we are working for filling up the houses with children.

As a final greeting, I wish you all a wonderful summer. Relax and enjoy!

God bless you

Lisa Egerbo

Berndt Sanfridsson

Mana Rujirayanyong

Lars Hörnberg

Is it your birthday or will you celebrate another occasion?  
Instead of receiving things, flower and gifts, you can change the lives of a child or family in Felix Family Village in Thailand.

***This will be your best gift!***
